

Product Specification

DMT Quartz Dust | 5.2.5

TÜV NORD Systems GmbH & Co. KG

Plant & Product Safety

Refrigeration & Air Quality

Am TÜV 1

45307 Essen, Germany

1. **General description:** With the help of DMT quartz dust according to chapter 3-19 5.2.5 and 3-25 5.2.(a) iii of the standard DEF-Stan 00-35 the erosion behavior and the formation of structural damage in flight by dust are simulated.
2. **Composition:**
3. **Transport and Storage:**
4. **Quality ensurance:**
5. **Specification:**

Name : DMT Quartz Dust | 5.2.5

Standard: DEF Stan 00-35

Title of Standard: Environmental Handbook for Defence Materiel

Composition : Quarz

Material: Quartz

largest particle size (µm) : 150

Substance density (g/cm³) : 2,65

Apperance : solid

Hardness (Mohs): 7,0

Colour : white
